FOOD PACKAGING

WHERE PACKAGING MEETS INNOVATION™

- Bakery & Confections
- Foodservice
- Tamper Evident
- Utility Containers
- Specialty Packaging

We are excited to share the NEW North American Food Packaging Product Guide. You'll be amazed at all the new products, updated information, new product images and easy-to-find product layout.

The new product guide name is to better serve you, under our parent company Novolex™, POLAR PAK™ and WNA have combined brands to create one comprehensive North American Packaging product guide.

Some new product offerings:
Bakery CakePAK™; SushiPAK™; Smart-Tab® and Hot/Cold Food carry containers.

We are BRC and Kosher certified.

At POLAR PAK we specialize in the design and manufacturing of custom food packaging solutions. Print and label capabilities help to expand and drive brand awareness.

We appreciate your past support and look forward to showing you our new products and capabilities.

Terms and Conditions

Terms and Conditions:

a. Please allow 6 to 8 weeks lead time for non-stock items.

Disclaimers:

a. Items and stock status are subject to change without notice.
Please contact your representative or visit www.polarpak.ca for latest information.

b. All packaging applications are different. POLAR PAK advises that all purchasers and users of POLAR PAK products should test our products to make sure that the packaging selected is completely suitable for the intended specific application.

c. POLAR PAK does not warrant its products or packaging as being suitable for any specific use or application including, without limitation, use for freezing, heating or shipping.

d. Line drawings are not exact.

e. Please contact your representative to order samples as per the location shown per product.

f. All products may not be Kosher Certified, ask your local representative to see Kosher Certification for specific Kosher certification details.

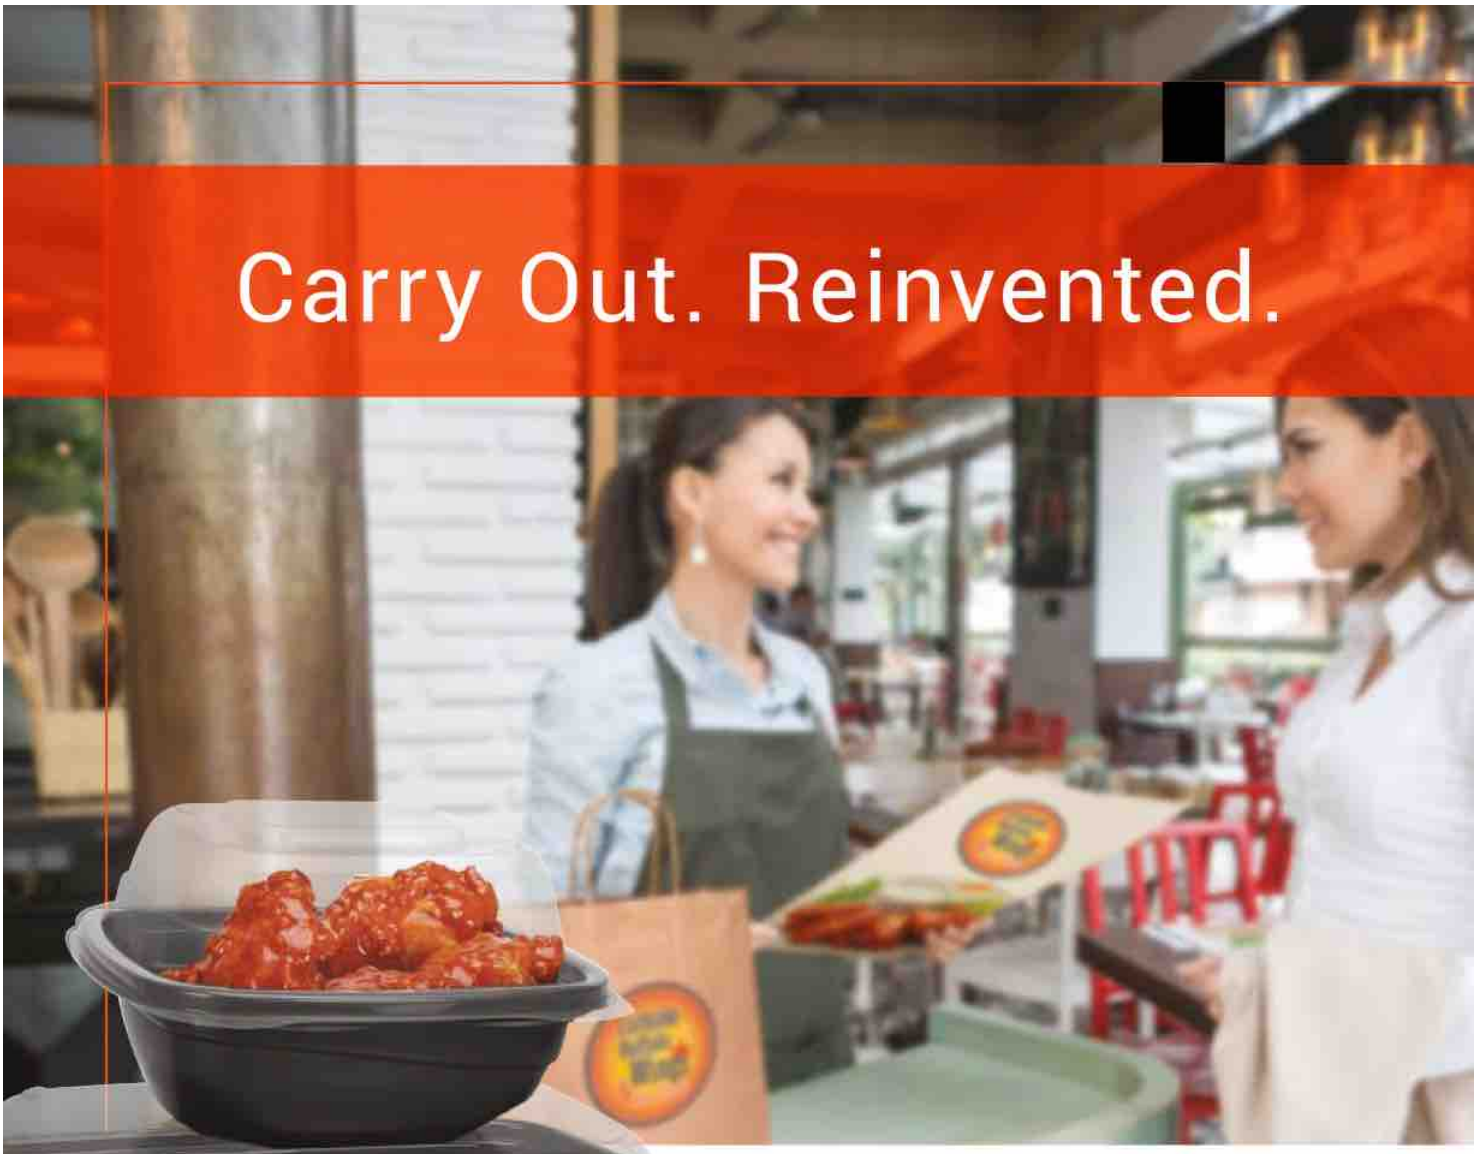
Carry Out. Reinvented.



WADDINGTON NORTH AMERICA™
A NOVOLEX BRAND

Hot Food Packaging

Better Carry Out Delivered.

Superior Ventilation - Vent holes are not blocked when stacked allowing steam to escape.

Family Stacking - Stacking features allow all sizes to be stacked, no need to worry about tipping over or spills.

Snap-Tight Lid Fit - Lids are tight and secure, resisting leaks under tough transport conditions.

Tear-Away Hinge - Easy, tear-away lid allows for a less cluttered dining experience, and easily snaps back on for leftovers.

Break Through with Customization - Special lid design provides space to increase your brand with custom embossing.

Quality and Performance - Made in the USA from recyclable polypropylene that is engineered to minimize plastic use while maintaining the quality customers have come to expect.

Innovative - Patent Pending Technology

BUILD
BYOUR BRAND
WITH
POLAR PAK

We Can Label it or Design it

Custom it With Embossing

Embossing can help you deliver maximum impact to your brand. POLAR PAK containers are available for embossing that brings additional awareness to your company. Embossing adds appeal and encourages the customer to reuse the container.

Embossing Examples

Items and status are subject to change without notice.

Specialty Packaging

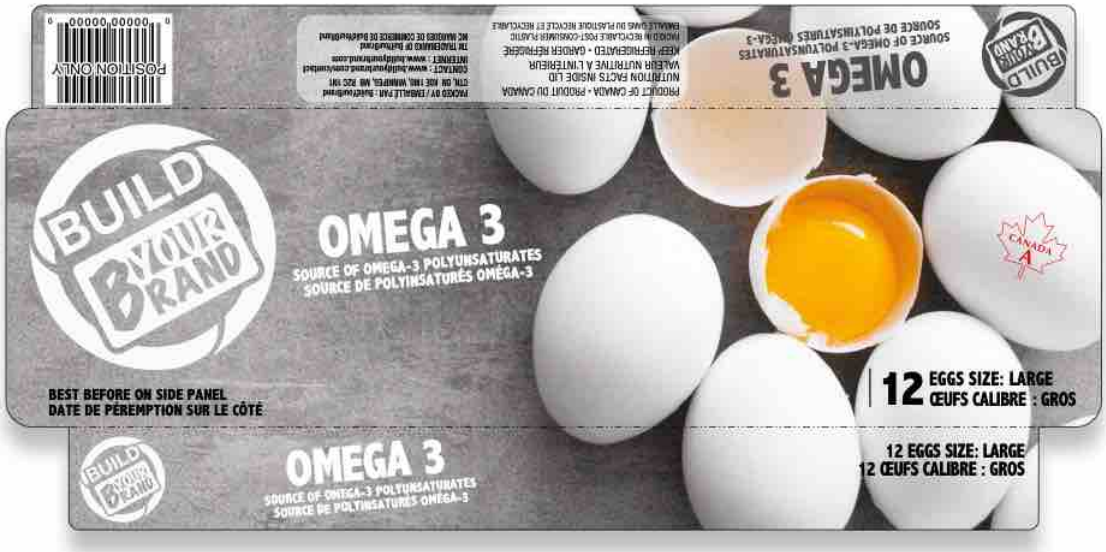
Let Us Label it.

Decrease your labour costs and use our customized pre-labeling service. We can print the label for you or you can supply us with your printed labels; either way, we will apply it to your package.

Our goal is to help you run a seamless business - go ahead take out the worry of labeling and let us do it.

A few label examples are show below. If you don't see a label you need, just ask us.

Label Examples



Specialty Packaging

Custom Packaging Design

If you can think it, we can make it. From Concept to Completion®, our engineers and in-house design team work with you to seamlessly develop the product that is right for your application. Therefore, if we do not have a product that fits your needs, we can develop an innovative custom product complete with custom embossing that will result in your distinctive branding success.

Our customization process below shows how we work with you to design the best packaging to meet your needs and satisfy your customers.

Concept to Completion® in 6 Steps

Let's Talk
We will meet with you to better understand your goals and discover how we can develop a custom product that meets your business needs.

Let's Collaborate
Our in-house design team will hand draw some possible solutions, get your input and revise as necessary.

Let's SEE
Working off the sketches, our design team will create a dimensionally accurate digital model.

Let's Get Real
Using the computer renderings, we'll create a physical model using rapid prototyping technology to provide a real-life example of shape, size and user experience.

Let's Give it a go!
When the initial design is perfected, we'll create functional samples of your product out of the actual materials. At this stage we'll test for things like strength, lid-fit and leak resistance.

Once approved, we will begin production and deliver a custom package that helps you build your brand and satisfy your customers.
